

Kept The Fire Burning
Written By: Chuck Frederick

VERSE 1

G **C** **D**
Kept the fire burning as long as I could,
G **Em**
Thought our love would never die,
 C **D**
Said you'd leave never thought you would.
G **D** **Em** **C**
Now all that's left are pieces of what we shared
G **Em**
And a someday that we'll never know
 C **D**
is broken dreams and empty stares.

CHORUS:

C **D** **G**
Let me look into your eyes just one last time.
C **D** **G**
Give me reasons to believe that your still mine.
C **D** **Em** **C**
Let me hold you for a moment for the sake of memories
G **D** **G**
Give me one more chance to love before you leave.

VERSE 2

G **Em** **C** **D**
I believed you lady when you said you needed time.
G **Em**
I didn't know my feelings would be hurt ,
C **D**
said you'd be back but I did find,
G **D** **Em** **C**
you went off with another man and left your lies behind,
G **Em** **C** **D**
and there left upon the cluttered mess of my weary mind.

VERSE 3

G **Em** **C** **D**
Now all that's left are photographs of good times in the past,
G **Em** **C** **D**
and they make me feel better but the feelings they don't last.
G **D** **Em** **C**
Got to make myself forget you, throw those photographs away,
G **D** **G**
And hope another women comes along some day.

CHORUS:

C **D** **G**
Let me look into your eyes just one last time.
C **D** **G**
Give me reasons to believe that your still mine.
C **D** **Em** **C**
Let me hold you for a moment for the sake of memories
G **D** **G**
Give me one more chance to love before you leave.

(Repeat last line of CHORUS end in C)
