

VERSE 2

G **C** **C7** **G**
I wake up in the morning with my eyes closed

G **D**
Peak at her in the mirror getting dressed

C **C7** **G** **Em**
I'd ask her to stay but it ain't Saturday

A **D**
So I slip back into my emptiness

G **C** **C7** **G**
I walk down the hall hear her car door slam

C **C7**
Look up at ther pictures on the wall

G **Em**
She's gone without a trace can't remember her face

G **D** **G**
Two shadows is all I can recall

CHORUS (REPEAT 2X's)

G **C** **C7** **G**
There ain't no picture there ain't no frame

D
Fact is I don't even remember her name

C **G** **Em**
Her and me was just lonely that's all

G **D** **G**
We we're just two shadows on the wall
